Voices of Maryland Women *You are Invited!*

The Maryland Commission for Women is conducting a series of public forums around the state inviting women in Maryland’s diverse regions and communities to talk to us about the challenges they encounter in their everyday lives. The **Voices of Maryland Women Listening Tour** is a coordinated partnership with county Commissions for Women and other organizations from the western panhandle to the eastern shore to hold listening sessions in their communities. Maryland women are also invited to “talk to us” through an online survey at www.surveymonkey.com/r/VoicesofMarylandWomen

Public forums will be scheduled throughout the state over the next year. Confirmed dates are listed below. Visit www.marylandwomen.org for a date and location near you.
